City of El Paso  
Grant Management Policy

May 2023

Prepared by:  
Office of the Comptroller  
Grants Administration Division

Previous Revision – September 2021

The mission of the Office of the Comptroller is to provide fiscal management and financial reporting, administer treasury services and provide grant accounting information to City Management and elected officials so that they can make informed decisions regarding the provisions of City services.

**Disclosure: The administrative policies outlined in this document supersedes all previous administrative policies and procedures in place prior to September 2023 that may have been included in memorandums, emails or other means of communication. All questions or conflicts with divisional procedures need to be directed to the Grants Administration Division of the Office of the Comptroller.**

## **Section I: Grant Application Process**

### **1.0 Purpose**

This Policy for Grants Management outlines the administrative process with respect to grants and related activities for the City of El Paso (the “**City**”).

The purpose of this policy is to develop, implement and maintain meaningful grant oversight, and coordination for the City; thereby, increasing grant-related revenues, limiting the City’s exposure to grant-related legal liability and improving the efficiency and impact of program and services funded through grants. This policy aims to do the following:

- Promote the use of best practices
- Promote sound financial management
- Ensure that grant-related activity is consistent with the City’s strategic goals
- Ensure the integrity of the City’s good standing among granting entities
- Ensure the detection and mitigation of potential grant-related problems
- Promote efficiency and effectiveness in grant funded projects and programs
- Ensure accountability for financial elements of grant administration and management

### **2.0 Scope**

Regulations for grants set forth in this document shall apply to all activities financed by any funds for which the City has grantee responsibility including state, federal or private grants unless the terms of the said grant require differently.

### **3.0 Objectives**

The primary objective for this Grants Management Policy is to establish consistency throughout the City departments when managing and administering grants. The **Grants Administration Division (GAD) of the Office of the Comptroller (OTC)** serves as a clearinghouse of grant activity that generates reporting and tracking of grant submittals, awarded grants and grant reporting requirements. The GAD is responsible for general oversight of the City’s grant application, award acceptance and reporting process. All Grant activity (federal, state, local, foundation and private) must be routed through the GAD in accordance with this policy document and the procedures set forth in the Standard Operating Procedures (SOP) document. Additional responsibilities of the GAD include strategic grant planning, capacity building/training, promotion of grant opportunities, technical assistance, and maintenance of OTC’s Grants webpage, identification and investigation of issues that may arise with respect to the management of City grants, and mediation towards collaborative grant submittals between internal/external agencies, other organizations and individuals. The GAD maintains a list of active grants and generates, reviews and approves financial reports on grant activities and makes recommendations on programmatic issues at the departmental level.

The role and responsibility of GAD is of oversight of grant-related financial activity, management and compliance and generating the annual Single Audit report. The GAD establishes a specific grant code in PeopleSoft for each grant as appropriate, reviews financial reports generated by recipient departments, establishes and maintains a master file for each grant received by the City; identifies and investigates issues that may arise with respect to the management of City grants and generate oversight of other grant-related

issues.

The GAD meets on a monthly basis, and as requested, with the departments to maintain open communication between OTC-GAD and the Departments. The intent of the monthly meetings is to discuss any issues or concerns regarding any of the departments' grants, as well as serve as a dedicated time to review changes and other specific grant topics.

**The Purchasing and Strategic Sourcing Department** activities related to procurement using grant funds must follow their established policies and procedures as well as the prescribed rules in the 2 CFR 200 related to Procurement. The user department must ensure compliance with qualified expenditures when requesting a purchase order. See Appendix E

**The City Attorney's Office** provides legal review and interpretation of grant agreements and contracts as they are all different from many other contracts in that there is little or no negotiation involved. The City will either sign the agreement or decline the award. It is important that the **City Attorney's Office** (Legal) reviews all grant agreements to ensure that all of the terms of the agreement are legally enforceable and that the agreement does not include any clauses that could result in liability issues for the City. The City Attorney's Office staff will review the terms and conditions of the award as the initial step in accepting a grant award.

Grant project managers are ultimately responsible for adhering to stipulations from the executed award/contract to ensure that allowable expenditures are reported and that the project is being executed accordingly, as well as being able to meet grant deliverables.

## 4.0 FUNDING CATEGORIES

There are various funding opportunities made available to local government entities and community-based organizations to support important programs and services to the community. They include Federal, State, Local and Foundation funds that fall under such categories as competitive, non-competitive, and sponsorships. The following describes the various types of grants:

### **Competitive Discretionary Grants:**

- Are those where applicants respond to an RFP (Request for Proposal).
- The application is submitted to be reviewed, scored and ranked against other applications submitted to the funding agency.

*Example: Texas State Library and Archives Commission (TSLAC)*

### **Categorical Grants:**

- Well-defined area of interest, used only for specific purpose
- Distributed by a pre-determined formula or at the discretion of the federal agencies
- Use peer panel reviews to evaluate proposals
- Each federal agency has its own grant system
- Detailed, time consuming grant application.

*Example: FEMA's Flood Mitigation Assistance Grants*

### **Block Grants:**

- Almost the same as a categorical grant, except that a categorical grant has more restrictions in how funds can be used.
- States would set their priorities and grant the federal funds to the high priority areas and projects as they see fit.

*Example: Community Development Block Grant (CDBG)*

### **Formula Grants:**

- Funds are allocated according to a set of pre-existing criteria.
- Generally specific to a problem area or geographic region.
- Must pass through an intermediary, such as a state, city, county government or a commission, before reaching the grantee.
- While noncompetitive, organizations may still be required to submit an application in order to receive funding.

*Example: DOT-FTA 5307 Formula Funding Apportionment Grant*

### **Foundation Grants:**

- Monetary assistance provided to individuals and small businesses by companies, citizens, government and nongovernment organizations.
- The money awarded as a grant is meant to meet particular needs.

*Example: Kresge Foundation, Paso Del Norte Health Foundation, PetSmart, Toyota Foundation, Union Pacific, etc.*

## 4.1 Grants vs Donations

A grant can only be used for the intended purposes stated in the grant agreement or application. Grants have specific requirements that must be met in order to qualify, expend funds and or meet the deliverables as per the grant agreement. Typically, a grant is tied to

a specific project or activity. Also, grants usually have a budget and timeline that are outlined in a signed grant agreement. A grant agreement may require reporting throughout the grant period and/or at the conclusion of the project or activity. Disposal of grant funded equipment, inventory or assets, must meet the agency's disposal requirements, including approvals and may require the return of the asset to the funding agency. Always check the disposal requirements and ask the agency in writing for approved disposal options.

Donations are forms of gifts. They are voluntarily given without any requirements or strings attached, nor specific timeframes to spend funds, and they do not require anything in return. A gift or contribution is an item given by a donor who expects nothing significant of value in return, other than recognition and disposition of the gift in accordance with the donor's wishes. A donation, tangible or as a result of the purchase of the monetary donation, may be disposed of when it has reached its shelf life or it is no longer needed.

All assets must be turned in to Property Control unless required to have a different disposition by the granting agency or donor.

Always feel free to contact GAD when stipulations or contribution details are not clearly defined for a grant or a donation.

## 5.0 Considerations Prior to Applying for a Grant

When departments make a decision to pursue financial support for upcoming projects through grant funding, it is important to understand that there is a process involved. The initial step is to assess whether the project identified is valuable and will respond to the needs of the City, the department and/or the community.

Some factors to consider prior to pursuing grant funding are:

- Will the project align with the City's strategic goals and priorities?
- Will the project meet the needs of the City and the community?
- Is the department able to collaborate with other departments and/or external agencies, if needed?
- How soon is funding needed?
- Does the department have the capacity to manage the project/program, both financially and operationally?
- Is the department able to financially contribute towards the total cost of the project and sustain the program/project beyond the funding period, if required? If sustainability past the granting period will affect other departments, benefitting department MUST notify those departments prior to grant approval.

## 5.1 Providing Support/Technical Assistance in the Grant Development Process

The GAD will assist departments with the review of finalized grant applications for accuracy and completeness.

- Ensure the proposal contains all signatures, assurances and certifications required by the funding agency.
- Submitting the proposal to the funding agency. The GAD staff will submit electronically

on behalf of the requesting department; otherwise, the signed application will be sent back to the department for submittal. Please refer to Grants Management SOPs – Grant Application Plan Flowchart.

## **5.2 Centralized Source of Information**

Through the OTC-GAD webpage, departments are able to obtain needed information to support the grant writing efforts including demographical data, reports, fact sheets, proposal checklists, sample application formats and standard City documents such as W-9, ACH information and any other applicable documents required by funding agencies, such as financial reports and audit reports.

Helpful links:

- Office of Comptroller's website: <https://www.elpasotexas.gov/office-of-the-comptroller/>
- Organizational Chart: <https://www.elpasotexas.gov/assets/Documents/CoEP/Government/Organizational-Chart.pdf>
- UEI number, DUNS number, City's federal employer ID number, bank account numbers and any other City organization information may be requested at [grants-1@elpasotexas.gov](mailto:grants-1@elpasotexas.gov)

## **5.3 Partnership Opportunities**

At times, funding opportunities are not made available to local governments but to other agencies such as schools or community-based organizations. The City can still pursue the funding opportunity through a partnership endeavor. Using the network established through eCivis, City departments can identify potential partners in the community and combine resources to pursue the grant through a collaborative effort. Collaborative projects usually have a greater chance to compete and are likely to be awarded, as federal agencies seek greater opportunities to do more with less.

Similarly, community agencies and/or institutions may seek partnership with City Departments in order to pursue funding for particular projects or programs. The City is available to consider these opportunities. The GAD can help identify potential collaborations either through the eCivis Community Based Organizations (CBO) database or through previously funded collaborations that the City has established. Other procedures follow such as Memorandum of Understanding, which are established once the grant has been awarded.

## **5.4 Community Outreach**

Through the OTC-GAD, the City of El Paso offers eCivis Grants Search Network to the community to enhance the City's economic base and bring needed services to the El Paso community. Not-for-profit or Community Based Organizations (CBOs) will receive access to the eCivis service free of charge by completing and returning a simple User Agreement that must be signed by the organization's director or CEO. The GAD staff will review and approve the agreement and send the CBO an eCivis username followed by instructions to create a password.

GAD collects grant activity information from the CBOs on a quarterly basis to determine the

level of eCivis utilization, number of grants applied for during that quarter, number of grants awarded during that quarter, amounts awarded during that quarter and if there were any partnership opportunities. This allows the City to track how eCivis is being utilized and the revenues that the program is helping to generate for the entire region. Also see Section 6.0

## **5.5 Requests for Letter of Support from External Agencies**

As per legal guidance, requests from outside entities for Letters of Interest (LOI) or support for a grant application or a grant-funded project are subject to the following:

The City, as the entity, can only speak through the actions of the City Council. Accordingly, only the City Council can issue a resolution or delegate or authorize the drafting of a letter that states that the City supports a particular grant application or a grant project.

Occasionally, there may be a time when an employee with a position of authority in the City, such as the City Manager or a Department Head, may be able to state that they can provide support to or for a project to the extent that it relates to matters for which they have previously been given such authorization by the Council, provided that such statement does not create any contractual obligations nor commits the City to provide funding. For example, it may be possible for a high-level employee in such a situation to make a statement or commitment relating to work they are authorized to perform within an established program or services already in place within his or her department.

In all such instances, such a letter or statement should have legal review so that a determination can be made whether the employee is authorized to provide such letter or statement, or whether under the law, any statement of support or letter must be authorized by the City Council.

## **6.0 eCivis – Grants Search Network**

The City subscribes to eCivis Grants Search Network, a comprehensive on-line grant search engine available for use by an unlimited number of City staff. ECivis provides a compilation of funding opportunities from all sectors including federal, state, local and foundation. In addition to providing a list of available grants, this search engine offers users with links to the following:

- Federal, state and foundation grant information located in one database
- The grant application or RFP (Request for Proposals)
- Search by category, keyword, agency, etc.
- Downloadable grant application forms, guides and instructions
- Funding agency priorities or recent legislature on funding priorities
- Agency contact information including email address, phone number and physical address
- SF424 series documents
- In some cases, access to previously awarded applications, which helps determine what the funding agency will fund.

eCivis will tailor a grant search to the department's funding needs. Users can receive daily or weekly grant alerts once the user's profile has been set up in the system. City Departments may designate a staff person(s) to have direct access to eCivis Grants Network by making a

request to the GAD at: [grants-1@elpasotexas.gov](mailto:grants-1@elpasotexas.gov). Please note: user's supervisor approval is required.

## 7.0 PeopleSoft 9.2 Grants Tracking System

The City of El Paso uses PeopleSoft 9.2 as its financial management system. We currently use the Customer Contracts and Project Costing modules as the grants tracking system. In a normal financial year, the City manages an average of over \$71M million a year in Federal and State grants. The COVID19 pandemic resulted in extensive federal and state funding to maintain programs and help the country with the recovery of the unexpected economic devastation suffered throughout the world. Having all grant data in PeopleSoft 9.2 allows the City to maintain updated grant information for an effective accounting process, audit readiness and reporting requirements.

The Customer Contracts module is where the funding agency's information is set up. It must be properly filled out so that external audit staff can run the reports they deem necessary. Staff and management will be able to access all grant funds awarded to the City. The Customer Contracts and Project Costing modules **MUST** be completed by the department and should include key grant information as discussed in the Grants Management SOP.

## 8.0 Ordinance No. 16016

**Ordinance No. 16016**, approved and dated March 15, 2005, gives the City Manager the authority to sign on behalf of the Mayor and Council, in the interest of efficiency of administrative governmental operations. The ordinance further stipulates that unless a granting agency requires that the City's top elected official be listed as the grant official in a grant document, the City Council hereby designates the **City Manager and his or her designee** to be listed as the **authorized official and as the official with financial authority or similar designations and to sign for all grant applications, acceptances and other grant related documents on behalf of the City of El Paso.**

The City Manager and his or her designee, are authorized to sign on behalf of the Mayor and Council "grants that do not require matching funds or other similar direct expenditures by the City including those grants that only require an in-kind match. The City Manager and his or her designee, is authorized to sign grants requiring matching funds when the required matching funds were included in the applicant's budget at the time of the adoption of the budget, or when the matching funds will be funded through the use of confiscated funds, provided that the grant is not otherwise required to go to Council for approval pursuant to any budget resolution requirement." Please refer to Appendix A for "Delegation of Authority" memo related to all Grants' matters from the City Manager dated July 1, 2023.

## 9.0 Contracts that are Considered and Treated as Grants

On occasions, funding agencies such as Environmental Protection Agency (EPA), Department of State Health Services (DSHS) and Texas Commission on Environmental Quality (TCEQ) will award grants in the form of a contract. In other words, the department does not formally apply to the funding agency, but through federal and state designations, the City receives funds to implement programs or projects in response to these designations. Upon receipt of these "contracts", the City will treat them as grants and will process them in the same manner as a grant award.

## **10.0 Application NOT Requiring Signature from Top Elected Official or City Council Approval**

The City Manager's signature is accepted in most grant applications; however, it is best to check with the funding agency for appropriate signature in cases when the funding agency requests "Signature of Top Elected Official." The Mayor is the "Top Elected Official" for the City.

Once it has been determined that the application does not require the signature of the top elected official or that it will not need City Council approval, the completed proposal should be approved by the **Department Director by submitting a completed Grant Information Form (GIF) Part A, including printed name, signature, and date. Please note, in the absence of the Department Director, only Assistant Director's signature is accepted. If department does not have an official Assistant Director, a Delegation of Authority from the Department Head on department letterhead must be accompanied with the GIF and application. *When signing on behalf of the Department Director, please ensure that the Assistant Director signs and prints their name followed by "for" Department Director's name.***

**Grant applications NOT requiring Council approval and/or resolution must be submitted to GAD at least four (4) working days before the deadline to submit. Grant application submissions will NOT be guaranteed if the required timeframe is not met.**

### **10.1 Mandatory Timelines for Grant Applications Requiring Council Approval or Resolution**

Departments must plan ahead and determine the deadline to submit grant application packets. All grant application packets requiring Council approval and/or resolution **MUST** be submitted to GAD **at least fourteen (14) working days before deadline** for reviews and approvals, including Legal review. Once reviewed and approved by GAD and the City Attorney's office, GAD will return the packet to the department. The Department will need to place the grant application on Council Agenda. Please refer to the Council Agenda item process, which has a deadline of 10am the Tuesday before the Council day you want your item to appear before Council.

The Department Head or his/her designee is responsible for scheduling the item on the regular Council agenda, attend the agenda review and resolve outstanding issues in accordance with existing City policies and procedures. The Council Resolution should include language authorizing the submission of the grant, identifying the availability of matching funds, if any, and authorizing the City Manager and or his/her designee to accept, reject, modify, terminate, request an extension of an award ending date for the grant, sign and submit all grant agreements and other related documentation without specific further approval from the City Council, and implement the grant if awarded. Inclusion of this language eliminates the need for the Department to return to Council with an acceptance request.

Once Council approves and the resolution is signed, the application and all other documents requiring signatures will be completed. At that time, the grant application will be submitted and all signed copies will be provided to the department including the approved GIF Part A with further instructions if awarded.

**Grant application submissions will NOT be guaranteed if the required timeframe is not met.**

## **11.0 The City Manager's signature (or Top Authority)**

If a grant requires a City match, the Department Head will need to certify that matching funds are available in the Department's budget. If confiscated funds will be utilized to match the grant, the Department Head, or designated staff, is responsible for ensuring the City's Office of Management and Budget (OMB) has been informed of the City match necessary and will secure the account information **prior to pursuing grant funding.**

## **12.0 Post Signature Activities**

### **12.1 Submitting Application to Granting Agencies**

The requesting department is responsible for mailing applications directly to the funding source via Federal Express or any other expedited mail services available by US Mail-or in person delivery (when applicable) such as to local funding agency/foundation. The City's regular mail system is NOT to be used for submitting a hard copy of a grant application as unforeseen circumstances may prevent application from being submitted in a timely manner. If delivering the application locally, it is important that a **stamped receipt is requested to verify that the application has been delivered to its destination on time.**

### **12.2 Electronic Submission of Applications**

Electronic submission of grant applications has become the most desired and more common method to submit a grant. For electronic submissions, it is important to inform GAD early in the grant development phase to ensure that departments are complying with all grant policies and procedures, including that the City's Authorized Official has registered the City as an approved applicant on the specified online grant application system. Departments must notify GAD of the website to be used for submission when the department is evaluating if the City will be submitting a grant application. In addition, GAD will work with the requesting Department to ensure all the required forms are part of the online application packet.

## **13.0 Grant-Funded Employment**

Hiring grant-funded positions follows the same process as non-grant funded positions in terms of advertising, interviewing and selection. Equal Employment Opportunity (EEO) guidelines are followed on all City advertised positions. Grant funded employees are subject to an at-will employment status and subject to grant funds availability.

### **13.1 Expiration of Grant Funded Employment**

The City of El Paso **does not** guarantee placement in another position within the City, nor

retain grant-funded employees in the position funded by the grant beyond the expiration date of the grant providing the salary.

## **Section II: Post-Award**

The **GAD** provides direct assistance to Departments for all grant management and processing activities. This section of the policy pertains directly to the grant accounting and reporting functions once the grant has been awarded.

### **1.0 Notice of Grant Award (NOGA)**

Typically, the funding agency mails or emails the Notice of Grant Award (NOGA) to the person whose name appears as the signatory on the grant application. If this is the case, OTC-GAD will send the NOGA to the department. In some cases, the NOGA is accompanied by an agreement or contract stipulating the terms and conditions of the award. Upon receiving this document, the department will continue with the established procedures to ensure timely review of documentation and return signed contract/agreement to the funding agency. The funding agency will not reimburse the City until it has received an executed contract/agreement.

NOTE: The amount of the actual award may differ from the amount originally requested by the applicant (Department).

### **2.0 Grant Requirements and Other Commonly Allowable Costs**

#### **2.1 Uniform Guidance Policy**

All City staff involved in managing or reporting grants must review and understand the Grant guidelines from Uniform Guidance. The Uniform Guidance is distributed by the Federal Office of Management and Budget and are the general guidelines for all federal grant funds. Please refer to the link below.

<https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200?toc=1>

#### **2.2 Uniform Grant Management Standards (UGMS) from the Texas Comptroller of Public Accounts**

In addition to the Uniform Guidance for federal grants, the State of Texas also has specific requirements that are found in the Uniform Grant Management Standards (UGMS). All City staff involved in managing or reporting grants should review and understand the Grant guidelines from the State of Texas. Visit the OTC's grants tab under Resources & Services for direct links to Uniform Guidance and the UGMS.

<https://comptroller.texas.gov/purchasing/grant-management/>

#### **2.3 Grant-Related Travel**

The cost for grant-related travel is limited to the amount specifically stated in the grant budget. Grant budgets usually stipulate the position stated in the grant and the destination indicated in the application and/or agreement. Most travel budgets are very detailed. Federal grants require compliance with the City's travel policy for all

grant-related travel. See the **Travel Policy** located in myelpaso : <https://my.elpasotexas.gov/wp-content/uploads/2023/11/Travel-Policy-FY24-November-2023.pdf>.

Please note that some agencies will **only reimburse based on actuals not per diem rates, therefore you must keep meal receipts**. All travel reconciliations must be completed within five (5) working days after the conclusion of the travel in accordance with the City's Travel Policy.

## 2.4 Indirect Costs

Indirect costs are only allowable if the grant agreement has a budget line item for it and are limited to the amount specified in the grant agreement. Indirect costs derived by an indirect cost allocation plan may be used if approved by the Cognizant Agency prior to usage. Questions regarding the Cognizant Agency and/or Cost Allocation Plans should be directed to the GAD staff at (915) 212-1795, or email at Grants-1@elpasotexas.gov.

The City's Federal Cost Allocation Plan [CAP] (formerly OMB A-87 Plan) is posted in the OTC webpage:

<https://www.elpasotexas.gov/office-of-the-comptroller/>

**NOTE:** Please note there are two different types of CAPs; one is used specifically for grant related indirect costs (Federal Cost Allocation Plan) based on actual costs. A different CAP is used for the City's internal administrative indirect charges based on budget (Full Cost Allocation Plan) also posted on the OTC's web page.

## 2.5 Fringe Benefits

Grant applications ask for a breakdown of employee benefits, also called fringe benefits. These are various non-wage compensations provided to employees in addition to their normal wages or salaries. These benefits can be used as in-kind contributions if these are allowable by the grant.

The following is a breakdown percentage for the City of El Paso.

- FICA Tax 6.2
- Med Tax 1.45%
- Pension 14.05% employer share
- Work Comp – Based on type and Position
- Unemployment 0.1%

## 2.6 Program Income

Program income are funds received when a grant program produces revenue. Sources may include:

- Fees
- Interest
- Forfeiture

- Proceeds from the disposition by sale or long-term lease (15 years or more) of real property purchased
- Disposition of equipment
- Payment of principal and interest
- Proceed from sale of loan

It is very important that program income is properly tracked, recorded and reported monthly. Uses of program income:

- Reduce requests for reimbursement by amount of program income
- Use program income to further activities of grant
- Return program income to funding agency

Program Income must be reported with the expenditures on the Schedule of Expenditures of Federal Awards (SEFA).

## 2.7 Disallowed Costs

The specific reporting requirements and allowable expenditures vary for each grant. It is critical that City departmental staff working with grants in any capacity know and understand the grant terms and conditions as defined by the respective granting agency. The City must abide by the grant award as it is a binding contract. The grant award will list or define the grant requirements or conditions. Any deviations from the grant award must be authorized by the granting agency **in writing** and the amended contract must be provided and executed prior to any purchases or changes in program deliverables.

Disallowed costs represent items that should not be charged to the applicable grant. Questioned costs are defined by OMB include costs that are examined by auditors due to an audit finding. These findings may include but are not limited to violations of the grant agreement, items not supported by adequate documentation or costs incurred that are unreasonable and do not reflect the mission or purpose of the grant.

When it becomes probable that the grantor will disallow costs or will require the recipient to return all or part of the grant funds, the recipient shall recognize a decrease in receivables, or increase in liabilities, and an expense adjustment for the amount to be cancelled or returned. The adjustment should be made in the accounting period in which the determination was made It must be prepared by the department and submitted to GAD for review and posting.

Costs disallowed by the grantor or found ineligible for grant reimbursement through internal review or other means, shall be moved to the City department's non-federal source of funding or another grant that can absorb the costs if the expenditures are allowable per the terms of the grant as soon as possible during the year of determination of ineligibility. If disallowance of the cost is probable and the amount is reasonably estimated, then the adjustment should be made as soon as possible in the current reporting year.

## 2.8 Accruals

An extensive review of the expenditures must be done by the department to ensure that the expenditures are allowable per the grant agreement and that the expenditures fall within the grant award period. Accrual journal entries to record receivable and revenue are entered by GAD as soon as the drawdown or the request for reimbursement has been submitted to the granting agency. As soon as payment is received, GAD will offset the receivable and record the cash entry. Upon request, GAD will provide Journal Entry and Cash Wire Numbers to the Departments for reference.

At the end of the fiscal year, generally the grant reimbursement should only be pending the month of August or the last quarter of the fiscal year. An accrual journal entry will be recorded by GAD in the fiscal year it belongs in order to be in balance with the expenditures. **DO NOT reverse these journal entries.** GAD will complete the process and notify the departments.

## 2.9 Adjusting/Correcting Entries

All adjusting/correcting entries must be prepared by the department and submitted to GAD (assigned Accounting Manager) for review and posting.

## 3.0 City Match

Grant recipients must maintain the same audit documentation for grant funds as for grant match. In order to meet the City match requirements and segregate matching funds from grant expenditures, department must follow the procedures provided in the Grants Management SOP.

### 3.1 City Match Budget Set-Up

All project expenditures and the grant proceeds are to be budgeted in the grant fund.

- Revenues and Expenditures must be in balance
- Only the grant revenues will be budgeted under the grant fund
- Account 560000 City Match will be budgeted with a negative amount which will balance Expenditures with Revenue

 **Note:** Federal and Federal Pass Through grants **must** use the Federal Revenue account, 460000.

The General Fund budget or the Operating Fund budget, as appropriate, should include the budget for the City match.

- The budget is to include the amount of City match required by each grant. See procedures provided in the Grants Management SOP.

## 4.0 Capital Assets Tracking

If assets are acquired with grant funds, documentation of those assets must be kept following the records retention requirement for the grant and or the City's Records retention policy,

whichever is later. These documents include but are not limited to:

- a) Purchase Order (PO)
- b) Invoice
- c) A bill of lading or shipment documentation containing item description, date purchased, cost, make, model, serial number and location of asset (grant asset log per grant)
- d) Refer to asset policy for complete guidance on accounting for capital assets ([Asset Management Policy](#))
- e) **All equipment and or supplies must be inventoried annually; in this context, supplies refer to purchases under the \$5,000 threshold such as computers, electronic accessories or items that do not fit the definition of capital asset.**

## 5.0 Draw Downs and Spending Reports

Departments are responsible for preparing the reimbursement documents for all drawdowns or reimbursement requests for all grants. GAD is responsible for reviewing and submitting to the granting agency. Funds should be drawn down on a monthly basis to minimize the cash outlay of the City. A majority of all grants received by the City of El Paso are on a reimbursement basis and cash receipts are received within 45 to 60 days of the outlay. Grant reports are run at the close of each month.

Program managers at the Department level are responsible for ensuring that all funds have been drawn down and accurately reflected on their reports.

- Drawdowns may be requested per agency guidelines by GAD depending on the funding agency requirements. (there may be exceptions depending on grant operating requirements).
- Grant awards with advance funding should be reconciled and reviewed on a monthly basis to ensure that the scope of the grant is met and the expenditures are properly documented, verified, and recorded. Advance funding is a liability for the City of El Paso. Department managers must ensure that the awarded amount has been expensed.
- **Unearned revenue (account 211000)** must be used to record upfront funding Revenue is earned when allowable cost is incurred.
- Departments must timely record adjusting entries to book revenue as expenses are incurred.

## 6.0 Reporting

City Departments are responsible for preparing financial report for their respective grant funds. This includes monthly reimbursement requests, quarterly reporting GAD staff will review and submit to granting agencies. Refer to Established Timelines in the Grants Management SOPs.

- Programmatic grant reports are the responsibility of the Department receiving the grant funds. This task is usually the responsibility of the Program Manager. A copy of programmatic reports must be submitted to the department's finance section and GAD unless programmatic reports contain confidential information.

The grant award will list or define the grant requirements or conditions which must be followed. **Any deviations from the grant award must be authorized in writing by the granting agency.**

NOTE: ONLY EXPENDITURES/EXPENSES APPEARING IN THE GENERAL LEDGER MAY BE CLAIMED FOR REIMBURSEMENT-**NO EXEPTIONS**

The grant award will provide the following information:

- Mission or purpose of the grant
- Grant award date
- Allowable expenditures
- Match requirements
  - Only eligible resources as stipulated by the grant agreement
- Reporting requirements
  - Timely submission of financial and programmatic reporting as per the instructions in the grant; for example a specific format or through a specific website.
- Period of Performance
- Liquidation period
- Closing requirements

Grant expenditures must be reviewed for compliance. Grant budget status reports should be run by each department on a monthly basis. This report is available on PeopleSoft Financials for those who have access to this system. The report outlines the budget, the monthly expenditures and expenditures to date, encumbrances and available budget. This report should be used as a management tool to assist in properly expending all grant funds in a timely manner and appropriately obligating and spending funds before the grant end date.

## **7.0 Grant Close Out**

Upon completion of the grant, the Department shall prepare and submit a Budget Transfer (BT) to bring any remaining budget to zero. This will prevent overspending and unallowable costs. Departments needing assistance in requesting a budget transfer should contact their Department's budget analyst at OMB.

GAD will review final financial reports to ensure that all filing requirements have been met with the granting agency.

All reports have to be submitted and approved, drawdowns received, and journal entries posted, audits completed, and all findings addressed.

Once all these steps are completed, department must notify GAD to "Inactivate" the grant. A list of grants to be closed/inactivated is provided to the Grants Administrator once a month at the end of the month. Grants will be inactivated shortly after and can only be opened with Comptroller or Grant Administrator approval.

## 7.1 De-Obligated and or Returned Funds

Effective September 1, 2023, any and all requests of any amounts of de-obligated funds and or returned funds **must** be accompanied by a internal written communication indicating the amount to be de-obligated or returned and the reason for returning or de-obligating funds. All de-obligated or returned funds in the amounts of \$1,000 or more must be accompanied by a department head's memo. Amounts less than \$1,000 do not need a memo but must have an email sent to GAD before the grant close out. If funds need to be returned to the agency, the Department must ensure that the granting agency is registered with the City as a vendor for ACH payment. Checks are no longer provided unless an extreme situation or a one-time payment is required. All check payments must be approved by the Comptroller.

## 7.2 Grant Record Retention Policies

All City Departments must keep grant files for the length of time as specified by agency guidelines or City Records Management Policies, whichever is longer. Under certain circumstances such as pending litigation, reporting, investigation, etc. files must be kept by departments for as long as needed.

## 8.0 Audits, Monitoring, Visits, and Single Audit

If the department is notified of an upcoming monitoring visit or audit from a granting agency, the Grants Administrator at GAD must be notified. GAD staff is required to attend all entrance and exit conferences with granting agencies.

The Single Audit is an audit performed by an independent audit firm on all federal and state grant funds received by the City. The Single Audit tests for accurate reporting of expenditures, allowable expenditures, compliance with the grant agreement and internal controls. Findings can adversely affect current and future funding, as well as other financial outcomes related to bonds and City's financial rating. Findings can also increase the number of site visits by funding agencies to conduct site monitoring and or desk audits.

## 9.0 Audit Follow-Up

GAD will follow up on audit findings and recommendations. This includes implementation of corrective actions by any department. GAD will review and track the following related to audit findings:

- Grant number
- City Department
- Funding Agency
- Type of review (monitoring visit, single audit, internal audit, compliance audit)
- Findings, concerns and recommendations
- Responsible party for corrective action
- Frequency of follow-up
- Documentation of audit recommendation
- Documentation for implementation steps
- Reasons for any potential delay in implementation
- Management concurrence/approval

- Date of completion

## 10.0 Sub-Recipients

**Departments with existing or potential sub-recipients must refer and follow the Department's Subrecipients Monitoring Evaluation Program policy and SOP.**

All subrecipients are the responsibility of the department passing funds to them.

## 11.0 Procurement, Suspension & Debarment

### **§ 200.213 Suspension and Debarment.**

Non-federal entities are subject to the non-procurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR part 180. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs or activities.

**Departments must confirm** that the Purchasing & Strategic Sourcing Department has verified that any contractor being considered to provide goods or services being paid with federal or state grants is deemed eligible under these requirements. The SAM.gov verification form must be readily available for all contracts.

**NOTE:** If the City extends a contract to a suspended or debarred entity, the City is subject to return all related contract funds.

## GLOSSARY

### A

**Abstract:** Summarizes the purpose, importance and scope of the proposed project.

**Accruals:** Accounts on a balance sheet that represent liabilities and non-cash-based assets used in accrual-based accounting.

**Activity:** The functional elements of a program.

**Actuals:** Reflects how much revenue or expenditures been recognized.

**Administrative Costs:** All direct and indirect costs associated with the management of grant programs. Often capped by the grantor at a certain percentage of the grant.

**Application:** A request for financial support of a project or activity submitted to a funding entity.

**Applicant:** A party requesting a grant

**Application Number:** When an application has been successfully submitted to a funding entity, they may assign a unique number to that application. Applicants should keep a record of the application number and reference it when communicating with the funding entity.

**Assessment:** The process of collecting and analyzing information to make judgments

### **Assistance Listing Number (ALN) – formerly CFDA (Catalog of Federal Domestic Assistance)**

A catalogue published at least once per year which describes domestic assistance programs administered by the Federal government. This compendium of Federal programs lists projects, services and activities which provide assistance or benefits to the American public. It tracks all domestically funded programs with a ALNs **assigned number**. The Project Module in PeopleSoft 9.1 requires that departments enter ALN, formerly CFDA numbers to identify grant funding. This allows the Grants Accounting Division in the Office of the Comptroller to better track grant funding.

**Assurances:** A listing of requirements found in different federal laws, regulations and executive orders that applicants agree to by signature in an application

**Audit:** An examination of grant records and financial accounts for accuracy and legal compliance

**Authorizing Official:** The individual, named by the applicant organization, who is authorized to act for the applicant and to assume the obligations imposed by the laws, regulations, requirements and conditions that apply to grant applications, grant awards, or any other grant related document.

**Award Notification:** An official document signed by the funding entity stating the amount and the terms and conditions of an award.

**Award Number:** The identifying number for a discretionary grant or cooperative agreement award issued by the funding entity.

**Block Grant:** A broad intergovernmental transfer of funds or other assets by the U.S. Congress to state or local governments for specific activities such as secondary education or health services but with few strings attached. Block grants are distributed according to legal formulas defining

broad functional areas such as health, income security, education or transportation.

**Boilerplate:** A form or section of a document that is used so often as to become standard and reused.

**Budget Period:** An interval of time into which a project period is divided for budgetary purposes, usually twelve months.

**Capital Expenditure:** The cost of an asset (land, building, equipment), including the cost to put it in place. A capital expenditure for equipment includes the net invoice price and the cost of any modifications, attachments, accessories or auxiliary apparatus to make it usable for the purpose for which it was acquired.

**Capital Support:** Funds provided for buildings, construction or equipment

**CFDA: Catalog of Federal Domestic Assistance – See Assistance Listing Number (ALN)**

**Challenge Grant:** A grant offered with the stipulation that the recipient will raise additional funds from another source or sources; also called a matching grant.

**Closeout:** The process by which the Comptroller's Grants Administration Division (GAD) determines that all applicable administrative actions and all required work related to the grant have been completed by the grantee.

**Code of Federal Regulations (CFR):** A compilation of all final regulations issued by federal agencies, published annually and divided by numbered "Titles."

**Cognizant Agency:** The federal agency which, on behalf of all federal agencies is responsible for implementing the requirements of the Single Audit Act which include reviewing, negotiating and approving cost allocation plans, indirect cost rate and similar rates; receiving and approving non-federal audit reports; conducting federal audits as necessary and resolving cross-cutting audit findings.

**Competitive Review Process:** The process used by a funding entity to select applications for funding, in which subject-matter experts score applications and only applications with the highest scores are considered for funding.

**Concept Paper:** Preferred by foundations as a first submission, a concept paper contains key elements of a project, including information about the applicant, the target population, the need, objectives, total budget, other contributors and what makes it remarkable.

**Cooperative Agreement:** A financial assistance mechanism to be used in lieu of a grant when substantial federal programmatic involvement with the recipient during performance is anticipated by the funding entity.

**Cost Share:** Often a requirement of the funding agency, which means that the applicant must commit a certain percentage of funds for the project in order to be eligible to submit a proposal.

**Council of Governments (COG), Rio Grande Council of Governments**  
8037 Lockheed Dr.  
El Paso, TX 79925  
(915) 533-0998

Prior to 2011, state and federal grants were required to be reviewed by a local Council of Governments, as directed under Executive Order 12372. The following link describes the purpose for this Executive Order: <http://www.archives.gov/federal-register/codification/executive-order/12372.html>. Nevertheless, as of April 1, 2011, the State of Texas no longer subscribes to Executive Order 12372. Therefore, City of El Paso applicants no longer has grant applications reviewed by the COG and when a grant application inquires about an Executive Order 12372 review, the **NO** box must be checked.

**Deliverables:** A project management term for the quantifiable goods or services that will be provided upon the completion of a project. Deliverables can be tangible or intangible parts of the development process, and are often specified functions or characteristics of the project.

**Direct Costs:** Expenses directly attributable to a project, including salaries, travel, per diem, communication, reproduction, printing, equipment, supply items and contractual services procured for the project.

**DUNS (Data Universal Number System):** A nine-digit number assigned and maintained by Dun and Bradstreet to identify unique business establishments. DUNS' numbers are assigned worldwide and include US, Canada and international organizations.

**EIN (Employer Identification Number):** City of El Paso's IRS designated number. In some cases, the funding agency requires the 14-digit number associated with the normally used nine-digit number.

**Encumbrance:** Unexpended commitments identified as a purchase requisition, purchase order or a manual encumbrance

**Extension:** Grantor/COEP approval of additional time (generally not to exceed 12 months) to any budget period, including the final budget period, of a previously approved project period. The extension is generally made without additional funds. Approval of extension by the City must be formalized in writing.

**Federal Register:** A daily compilation of federal regulations and legal notices, presidential proclamations and executive orders, federal agency documents having general applicability and legal effect, documents required to be published by act of Congress and other federal agency documents of public interest. In addition to the above, the Federal Register will provide detailed grant information including deadlines, requirements, eligibility criteria, amount to be awarded, review date, etc.

**FFR:** Federal Financial Report

**FOA (Funding Opportunity Announcement):** An announcement of a federal grant funding opportunity. Grants.gov allows organizations to apply for grants from over 1,000 grant programs from 26 federal agencies, for example, FTA (Federal Transportation Administration). FOAs can also be described as grant announcements or requests for proposals/applications (RFPs).

**FSR:** Financial Status Report

**Indirect Costs:** Those costs that cannot be identified specifically with a particular program, project or activity. They are costs that are incurred for several purposes that are necessary to the operation of the institution or agency. For example, building maintenance, utilities and accounting and payroll services are all considered indirect costs.

**In-Kind Contribution:** Non-financial contribution donated towards the project such as office space, waived indirect costs, use of equipment, staff time. If staff time will be contributed towards the project, calculate the hourly wage including fringe and multiply by the total number of hours contributed towards the project, add the total and that is the allotted contributions towards the project.

**Intergovernmental Review Process (Executive Order 12372):** As of April 1, 2011 The State of Texas no longer subscribes to Executive Order 12372. Therefore, when a grant application inquires about an Executive Order 12372 review, the NO box must be checked.

**IRS Determination Letter:** A copy of the IRS determination can be obtained on the Office of the Comptroller website or call the GAD for a copy.

<http://home.elpasotexas.gov/financial-services/documents/IRS%20determination%20letter.pdf>

**Letter of Interest or Letter of Intent:** A brief letter containing a description of a proposed project, an estimated budget and information on the applicant. Sometimes it is required to allow the funding source to screen out ineligible applicants or projects not consistent with the program's priorities. This screening saves considerable time for both the funding source and the applicant.

**Letter of Support:** A brief testimonial that backs up an organization claiming success and promises to deliver. **Letters of support** usually accompany a proposal or application for grant funds. These testimonials show that other people, businesses, and organizations believe that the requesting organization can get the job done.

**Liquidation Period:** The period immediately following the end of the performance period. During this period, new obligations may not be incurred and old liquidations must be removed or paid.

**Maintenance of Effort (MoE):** Per Section 797(b) of the Public Health Service Act. A requirement in certain legislative, regulatory or administrative policies that a grant recipient must maintain a specified level of financial effort in the health area for which Federal funds will be provided in order to receive Federal grant funds.

**Matching Funds:** The funding agency's requirements for the applicant to financially support a portion of the project's total cost. Example: If the total project cost is estimated to be \$100,000 and the matching requirement is 50%, the City would commit a match of \$50,000 and the funding source would "match" that amount.

**NOFA (Notice of Funding Availability):** A NOFA file provides information on available funding within specific Departments and/or agencies, funding priorities, eligibility criteria and other useful information.

**NOGA (Notice of Grant Award):** A notice of grant award is sent to the award recipient indicating the actual amount awarded along with direction on acceptance requirements, which in many cases includes an agreement/contract.

**Performance Period:** Period of time in which a grant is active and funds are eligible for reimbursement from grantor. Services performed outside the period of availability are not reimbursable.

**RFA (Request for Application):** A request for application is generally generated through funding organizations/agencies when they have posted a FOA and are now prepared to receive grant

proposals from applicants, similar to a NOFA and FOA.

**RFP (Request for Proposal):** Announcement distributed by a funding source to potential grantees defining in a general way the type of project proposals desired, same as a Request for an Application (RFA) or Request for Qualifications (RFQ).

**Subrecipient:** An entity to which the grantee passes some portion of the daily operations of the grant for a specified time and dollar amount.

**Supplanting:** To replace one source of funding with another. The City must use federal or state funds only to supplement and, to the extent practical, increase the level of funds that in the absence of the federal or state funds, would be made available from non-federal sources, not to replace local funding with grant funding.

**System for Award Management (SAM)** – The Central Contract Registration (CCR) was the primary supplier database for the U.S. Federal government until July 30, 2012. The CCR collected data from suppliers, validated and stored this data, and disseminated it to various government acquisition agencies. On July 30, 2012, the CCR transitioned to the System for Award Management (SAM) e-procurement system. In order to submit a federal grant, the City must have an existing SAM registration.

**Unique Entity Identifier (UEI)** – S A new, non-proprietary identifier number

**Unallowable Activity:** An activity that results in costs that do not meet the general criteria outlined in the Federal Uniform Guidance, Appendix G, Section A, Provision C-1 or the grant award. These unallowable costs are costs that do not provide a benefit to the grant programs specific purpose or are considered not acceptable charges as a matter of public policy.

APPENDICES

A. Delegation of Authority

**RECEIVED**

By City Clerk's Office at 4:06 pm, Jul 05, 2023

# City Manager's Office

**MAYOR**  
Oscar Leeser

**Date:** July 1, 2023

**To:** Karla M. Nieman, City Attorney

**CITY COUNCIL**

**From:** Cary Westin, Interim City Manager

**District 1**  
Brian Kennedy

**Subject:** Delegation of Authority

**District 2**  
Alexsandra Anello

The Comptroller or Grants Administrator for the City of El Paso are designated as the official signatory for all grant related documents including applications, related forms and attachments between city departments and outside agencies.

**District 3**  
Cassandra Hernandez

**District 4**  
Joe Mollnar

This delegation of authority includes the ability to sign any grant-related paperwork, including all understanding and assurances contained therein, and accept, reject, alter or terminate the resulting grant authorized budget transfers and submit necessary revisions to the operational plan.

**District 5**  
Isabel Salcido

**District 6**  
Art Fierro

The Comptroller or Grants Administrator is designated to serve as the Authorized Official on grants from the Office of the Governor. The Authorized Official is given the authority to apply for, accept, reject, alter, or terminate a grant, and to certify any changes made to an application or grant.

**District 7**  
Henry Rivers

**District 8**  
Chris Canales

Thank you for your attention to this matter.

**INTERIM  
CITY MANAGER**  
Cary Westin

Respectfully,

Cary Westin  
Interim City Manager

**Cary Westin – Interim City Manager**  
Office of the City Manager | 300 N. Campbell | El Paso, TX 79901  
O: (915) 212-1063 | WestinCS@elpasotexas.gov

DELIVERING EXCEPTIONAL SERVICES

**B. Grant Information Form (GIF)**

Declined  Denied  Awarded

PSGrant# \_\_\_\_\_

**GRANT INFORMATION FORM (GIF)**

**Complete either side A or if awarded, complete side B in this same form**

This form is to be used to provide information to the Grants Administration Division (GAD) for grant applications, grant awards, and/or grant contract amendments. After completing either side, please forward to the GAD Office at [Grants-1@elgostexas.gov](mailto:Grants-1@elgostexas.gov). Once a grant has been awarded and a contract/agreement needs to be processed, please complete SIDE B and forward to GAD, we will submit for Legal Review and further processing. Please use the same GIF to complete Part A & Part B so it is all kept on the same sheet.
