Those seeking access to warming centers and/or experiencing insufficient heat are encouraged to visit a warming center and/or contact 3-1-1 for more information and to connect residents with support services.

The OEM cautions and reminds the community to take preventative actions and stay safe. Residents are advised to:

- Avoid unnecessary trips outside. If you must go out, limit the time you stay outside.
- Wear several layers of loose, warm clothing.
- Keep your head, hands and feet covered when outdoors.
- Stay dry, moisture can damage the insulating effectiveness of clothing.
- Pay extra attention to your daily needs: get enough sleep, eat high energy foods, drink warm beverages to help your body stay warm, and avoid alcoholic beverages.
- Roads may become icy and slippery. If you have to drive, remember to slow down and keep your full attention on the road. Maintain enough distance from vehicles in front of you.

Residents are encouraged to take advantage of these warming centers during the winter months. For more information on warming center locations and hours, or overnight support, please contact 3-1-1 or visit ElPasoReady.org.
