El Paso Police Department-Safe Communities Receives State Farm Grant

\$70,000 Grant to Boost Traffic Safety Initiatives

El Paso, Texas— The El Paso Police Department-Safe Communities is proud to announce the receipt of a \$70,000 grant from State Farm through the Good Neighbor Citizenship Company Grant. This generous funding will significantly bolster the department's efforts to enhance community safety.

The grant will be directed toward specific initiatives designed to address critical issues such as speeding, drunk driving, underage drinking and driving, distracted driving, pedestrian safety, and seat belt awareness. With this support, the department will be able to purchase essential traffic safety items, camera equipment, and other educational materials aimed at promoting and educating the community about the importance of traffic safety.

This collaboration will bolster education opportunities in informing the public on how they can help reduce road injuries.

State Farm has been a consistent partner in supporting the El Paso Police Department-Safe Communities' traffic safety initiatives since 2019. This ongoing collaboration underscores State Farm's long-standing commitment to community welfare and road safety.

With this new funding, the El Paso Police Department-Safe Communities is poised to make a significant impact on the safety of our roads, further strengthening the bond between the department and the community it serves.
